Attention high school sophomores and juniors: Want to win a free trip to Washington, D.C.?

OHIO'S ELECTRIC COOPERATIVES ANNUAL YOUTH TOUR is not your ordinary trip to Washington, D.C.

Electric cooperatives all over the country hold competitions, and the winners meet up with nearly 1,500 other students nationwide at the U.S. capital in June. Once there, you get a chance to meet and talk to congressional leaders from Ohio, visit various sights of historical significance, and participate in leadership pro-

The trip is open to high school sophomores and juniors whose parents or legal guardian is a member of Frontier Power. Applications are on the Frontier Power website and must be turned in to the Frontier Power office by February 6, 2017.

Please see the Youth Opportunities section on our website at www.frontier-power.com.

A first-place scholarship of \$1,000 each will be awarded to one boy and one girl. One boy and one girl will receive a second-place scholarship of \$500 each. The first-place winners of the scholarships also become eligible for statewide competition for further awards. Here are the rules for the scholarship competition:

1. Applicants must be a son, daughter, or legal ward of an Ohio rural electric distribution cooperative member (or renter living on the lines). They must be receiving electric service at the time of the statewide competition.

2. All applications must be submitted (typed) on forms obtainable by request from your participating local electric cooperative office.

3. All applications must be submitted to the Frontier Power office by the deadline date: **Feb. 6, 2017**.

4. Applicants must have all basic credits for college or proper vocational or technical school* entrance. They must have a current career average of a "B" (3.5 GPA on a 4-point scale) or better and must be accepted, then enrolled (when they receive the award) in the accredited college or proper vocational or technical school of their choice. Eligible applicants also may be accepted and then enrolled in an accredited school of nursing, working toward a degree or graduation.

5. All scholarships must be accepted in the next autumn semester or quarter.

6. The Frontier Power Company is eligible to nominate two candidates to participate in the statewide competition.

*Proper vocational or technical schools must educate beyond high school, and credits earned must be transferable to a state-accredited college.

Applications are available online under the Youth Opportunities tab at www.frontier-power.com. The deadline to turn in applications to the Frontier Power office is **Feb. 6, 2017**.

Frontier Power welcomes two new right-of-way employees

Matthew Limburg began work at Frontier Power in September and will be cutting and trimming trees, as well as running the chipper for our right-of-way-department. He resides in Coshocton and completed his associate degree in diesel technology after graduating from River View High School. Matt has previously worked at Black Diamond Golf Course as part of their grounds crew. In his spare time, Matt volunteers with the American Red Cross and enjoys hunting, fishing, and spending time with his family.

Lucas Landaker resides near Cooperdale and has also begun work in our right-of-way department dragging brush, cutting trees, and using the chipper. After receiving his diploma from River View High School, Lucas gained two years of metal fabrication training and work experience. Before the last few years working for a tree trimming company, Lucas could be found working on cellphone towers. In his spare time, he enjoys hunting, fishing, and riding four-wheelers.

\$25 bill credit approved for accounts with water heater switch

A \$25 credit has been approved by the Frontier Power Company Board of Trustees for more than 2,000 members who have a radio-controlled switch installed on their electric water heaters.

The credit will be issued on December electric bills.

Water heater switches are a very important part of our “load management” program, which is designed to limit our peak demand and maintain our electric rates.

By calling The Frontier Power Company at 740-622-6755 or 800-624-8050, you can arrange to have a radio-controlled switch installed on your 50-gallon or larger electric water heater for free. Please call for more details or if you have questions.
