

Agriculture Rebates

For Energy Efficiency Upgrades

UP TO
\$5,000
IN
REBATES

FRONTIER POWER is offering rebates to agricultural business members for specific energy-efficient equipment purchases and installations unique to the ag industry.

This rebate is available for agricultural business facilities only. Residential members are not eligible. Purchase and installation must occur between July 1, 2021 and June 30, 2022.

SPECIFIC REQUIREMENTS:

Equipment must be installed at an agricultural business facility which receives its power from Frontier Power. All equipment must be new; used or rebuilt equipment is not eligible. All projects must comply with applicable federal, state, and local laws and building codes.

Eligible equipment includes: engine block heaters with timer, high volume/low speed (HVLS) fans, well water milk pre-cooler systems, variable speed drive vacuum pumps, variable speed drive (VSD) milk transfer pumps, and swine farrowing heat mats.

All rebates are issued in the form of a check or credit to the member's electric account. This is a one-time, one-program offer and cannot be combined with other OEC incentive payments or programs for additional funding of equipment.
