

Appliance Rebates for Cooperative Members

\$100 REFRIGERATOR & FREEZER REBATE

ENERGY STAR® certified refrigerators and stand-alone freezers (10-30 cubic feet) can qualify for a \$100 rebate* from THE FRONTIER POWER COMPANY when purchased and installed at a location served by the cooperative.

\$150 AIR CONDITIONER REBATE

ENERGY STAR® certified air conditioning units (a maximum of two) with a minimum 166 SEER rating and a cap of six tons can qualify for up to a \$150 rebate per unit from THE FRONTIER POWER COMPANY when purchased and installed at a location served by the cooperative. Window units are NOT eligible.

FRONTIER POWER is offering rebates to residential cooperative members who replace their existing refrigerators, stand-alone freezers, or central air conditioning units with a new ENERGY STAR® certified product. This rebate is available only to residential members. Members must purchase and install a new ENERGY STAR certified product between July 1, 2023 and June 30, 2024.

SPECIFIC REQUIREMENTS: Members are required to provide documentation, such as a purchase receipt, showing that the product was purchased and installed in a home served by the cooperative. Members must also include a proof of ENERGY STAR certification, such as a copy of the yellow Energy Guide label or owner's manual (must include ENERGY STAR logo or statement of ENERGY STAR certification).

All rebates are issued in the form of a credit to the member's electric account. A maximum of two rebates per appliance type (two refrigerators, two freezers, or two air conditioning units), totaling \$700, may be paid per residential member home during the current program year from July 1, 2023 through June 30, 2024.
